BANKING SECRETS OF THE SEASON

Today we are going to venture into the financial field to discover the secrets of banking!

WHAT IS A BANK?

- A bank is a safe place that can store your money in different types of accounts.
- Banks let you deposit money that you get for your birthday or from an allowance.
- Banks have a little bonus called interest. Interest is like a reward for being a good saver.

PROS OF HAVING A BANK:

- Having a bank helps make sure your money is safe and prevents it from getting lost or stolen.
- Banks help you set goals when saving your money.

THE REWARD IN SAVING MONEY

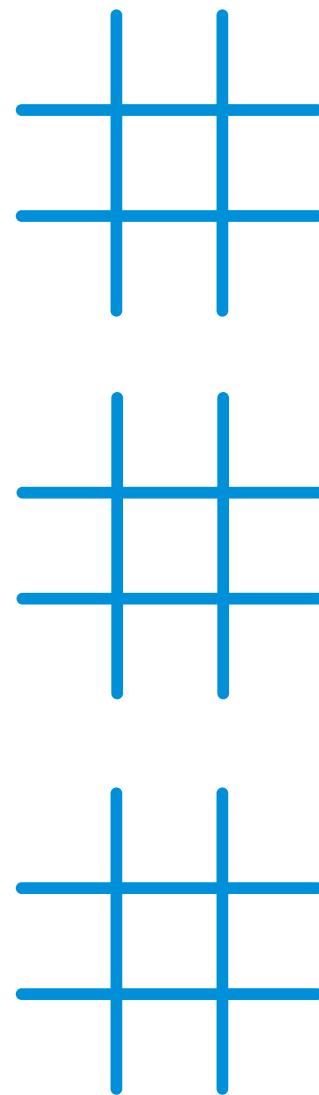

WHAT IS SAVINGS?

Saving your money means you put it aside instead of spending it all at once. Think of this like saving up your energy for your all-star adventures.

WHY SHOULD WE SAVE?

- You can save up money for a cool toy or game you have been really wanting.
- You can save up for bigger trips and items like a bike, ice cream trip, or going to the zoo.
- You should also save for any unexpected surprises that could happen, which makes sure you are prepared for anything!
